Well Collective

CAFE + BAR + COMMUNITY

Opened at the highly anticipated Northshore Plaza II – Well Collective is a contemporary Japanese French concept.

Similar to its sister outlets BOTANY and the Ritual, Well Collective's menu is also a curation of a variety of plant-based and gluten-free options. The latest outlet even offers food options that are pork and lard free.

One key highlight of the space is that it also houses an alfresco pet-friendly area where pawrents can dine with their pets.
